Food Safety Policy statement

Sambora Kinigi Lodge is a premier eco-luxury destination located at the foothills of Volcanoes National Park, Kinigi, Musanze, Rwanda that offers luxurious accommodations, personalized food & beverage, hikes, wellness and tour services.

Sambora Kinigi Lodge is committed to comply with stringent food safety and hygiene standards while implementing Hazard Analysis & Critical Control Point (HACCP) RS 184:2023 Requirements and adhering to the statutory and regulatory & customer requirements across sambora Kinigi Lodges' Scope of operation, by providing Quality controlled safe Hot and cold food & beverage experiences.

Sambora Kinigi Lodge's management is committed to communicate this policy to all staff and other stakeholders including Suppliers, Customers and other interested parties (Regulators).

- ☐ Communication of this Policy to staff is done through staff operation meetings, training, and Notice board Postings.
- ☐ External communication of this policy to suppliers & customers & other interested parties is done through website (www.samborakinigi.com) & emails

Review of this policy and food safety operating procedures will continually be performed to remain relevant and effectively manage food safety risks associated with changes in products, processes and trending technologies or changes in applicable standard.

Sambora Lodge's food safety policy is supported by measurable objectives that will be evaluated through defined operational criteria.
